

Joey Janssens

Full Stack Developer / Front End Developer

Profile

A driven work student with a job at Alternate and student on Campus-de-Nayer. Calm minded problem solver that like's a good challenge. Learning new ways or skills shouldn't be a problem since I'm quite educational

Work Experience

Alternate / Warehouse (Student)

July 2019 /

I stopped working to educate myself more, this is where I decided to go back to school to study programming. Today I still work at Alternate on every Saturday.

Alternate / Sales (Fulltime)

January 2017 / July 2019

For 2 years I worked in the sales division of Alternate, I stood in front of the shop for selling articles to clients that came to visit the store.

De Steenschuit / Intern

January 2016 / April 2016

I did intern ship at this company, they made and repaired wooden boats. During my intern ship I was renovating a boat from 40m long.

Education

Thomas More / Programming

September 2021 /

Till today I am still following this course, it has a better scope on the programming that I liked. We will develop more skills trough this course and these will be added to this resume.

AP Hogeschool / IT & Software

September 2020 / July 2021

For one year I studied IT& Software here, we developed skills like HTML,CSS,C# and more. I was missing more practical aspect on this course.

PTS Boom / Woodworker

September 2013 / July 2017

I did my first 3 year at Piva (Cooking school) before coming here. The course I followed at PTS Boom was for woodworking. I completed this study for my degree.
